

Using buttons to control your Micro:Bit

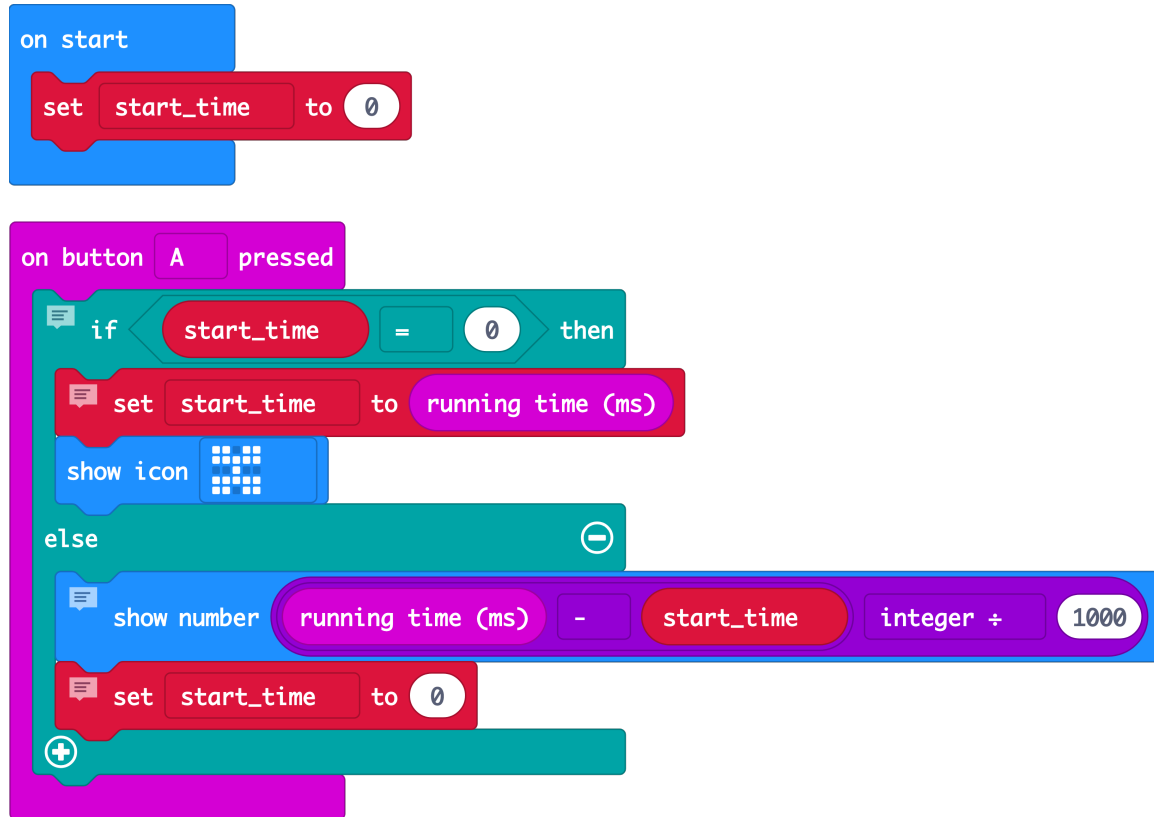

Use buttons to texts and images (Buttons project)

Use buttons and “shake” to show images (Buttons+Shake project)

Create a stopwatch (Stopwatch project)

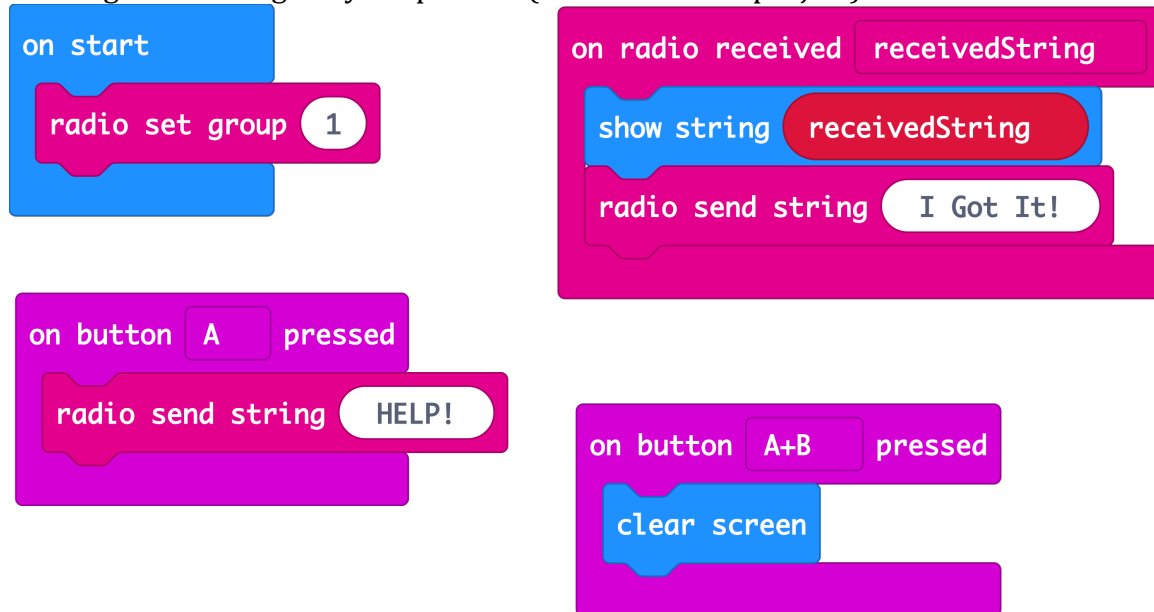

How to play:

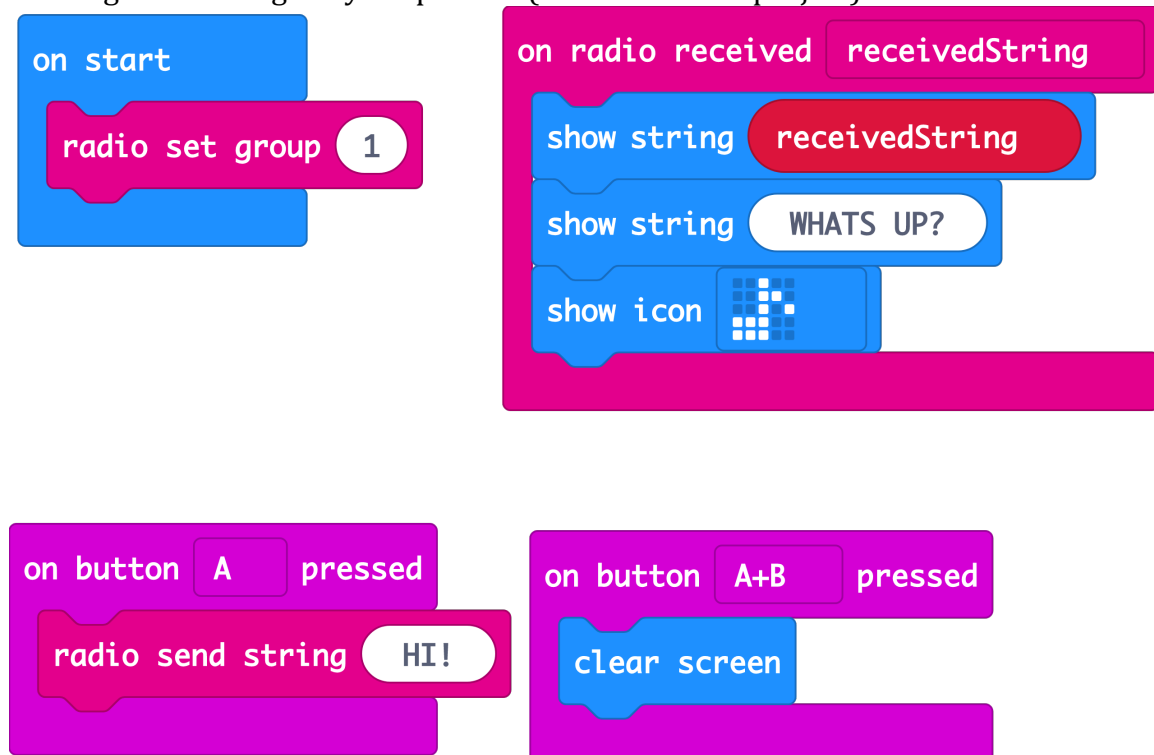

- 1) Press "button A" – it will show the first icon.
- 2) Wait for some time and press "button A" again.
- 3) Display will show the running time since you pressed "button A" to start the stopwatch.

Communicate with your partner's Micro:Bit

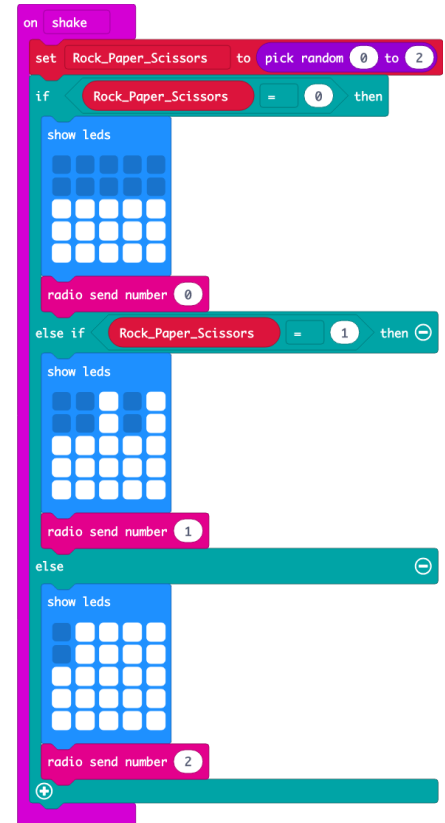

Sending text message to your partner (Communicate1 project)

Sending text message to your partner (Communicate2 project)

Play Rock Paper Scissors with your partner (Rock-Paper- Scissors_Shake project)

How to play:

- 1) Press "button A" which shows "Let's Play".
- 2) Shake the Micro:Bits at the same time with your partner. "One, two, three, GO!"
- 3) Your Micro:Bits will show its choice first, then show if you win, loose, or tie.
